

Personal project chips 18

During Build, choose a connected Facility you own at your Agent assignment, pay 3 Runway and 1 Compute; add 1 Scrutiny, then flip and attach one unlocked personal project chip. Each institution builds each project once. Different projects may share a host; no project chain is required.

Mega-Cluster

Dovetail Labs

Available

Era II. Build at a connected Facility you own: pay 3 Runway and 1 Compute; add 1 Scrutiny. Once per institution.

Mega-Cluster

Dovetail Labs

Built

The host produces 2 additional Compute during Production while connected. Keep this chip with its host when relocated; no immediate reward.
